

## Guided Type Fall Arrester System on Flexible Anchorage Line

SKU: PN2000A

### Key Features

Openable rope grab device

Made up of high strength galvanized steel

Moves freely along the Polyamide twisted rope anchorage line (14mm to 16mm)

Attached at its eye with the user, while he moves up and down

Has coloured tracer yarn which loses its colour in due course of time, to show that the rope is now unfit for further use

### Certification:

EN 353-2:2002, IS 3521(Part 4):2021

### Description

- KARAM provides a vast range of temporary horizontal and vertical anchorage line systems that are extremely easy to carry and install. These lifelines provide a suitable and safe anchorage to the user whenever required.
- All these systems have uniquely designed rope grabs that grab onto the anchorage line on which they move, thus arresting the fall immediately.

**Warranty:** 1 year from the date of invoice against any manufacturing defects.

## Ideal for use

Anchorage
